

Navigating the digital world

On July 30, Holy Mother English School hosted a cyber security awareness session, organised by Patkar Varde College in collaboration with the Quick Heal Foundation. The session was led by Aachal Tiwari, Ragini Vishwakarma, Sunny Yadav, and Rudraksh Gupta, and was attended by students from grades V to X.

The presenters covered a range of cyber safety topics, including two-factor authentication, social media threats, online bullying, and the concepts of bitcoin. They also discussed the advantages and disadvantages of ar-

tificial intelligence, as well as bank frauds, fake calls, and photo morphing. Special attention was given to students in grades V to VII, focusing on the dangers of online games, online friends, viruses, the dark web, and

e-mail scams with fake links. The session concluded with Shabana Khan, vice principal, encouraging students to become responsible digital citizens and to apply the knowledge gained in their daily online activities.
