Workshop on cyber security held at Sitabuldi Police Station

■ **Staff Reporter**

GOVERNMENT Institute of Forensic Science and Quick Heal Foundation jointly conducted a cyber security awareness workshop at Sitabuldi Police Station recently.

The workshop was held with an objective to spread awareness about the changing trend of cyber crime in the country. Harish Giri and Yogita Rathod addressed all topics to sensitise police personnel during the programme.

Both experts talked about different cyber frauds including online forgery, social media, fishing, OTP and password safety etc. during the event. In the programme, the police personnel experienced practical frauds and got to know tricks to identify such crime in daily life. The event also helped the participating cops to identify such frauds and how to deal with it in daily life.
