NAGPUR POST

Cyber Security Awareness Program held at Jawaharlal Nehru College

Wadi 14 August (NAGPUR POST/TC): A Cyber Security Awareness Program was organized by the Internal Quality Assurance Cell (IQAC) at Jawaharlal Nehru Arts, Commerce and Science College, Wadi. The program was conducted under the guidance of Principal Dr. Sanjay Tekade with the objective of creating awareness among students about cyber security and spreading the message to the last section of society. The program was chaired by IQAC Coordinator Dr. Narendra Ghard. He urged students to remain alert against suspicious messages, links and various forms of online fraud received on mobile phones and to create awareness among others as well. Research students from the Institute of Forensic Science, Nagpur, explained various types of cyber fraud and preventive measures through PowerPoint presentations and practical demonstrations. Information about useful applications for cyber security was also provided. The students took a pledge to use mobile phones safely and utilize them for educational and other positive purposes. NSS Program Officer Dr. Kashinath Manmode said that the future of the youth depends on the proper use of technology and appealed to students to use mobile phones positively. The program was conducted by Sanjana Bhandarkar. A large number of faculty members and students were present.
